<div><div><div><div>Reporter: adrian.ianc</div><div>Assigned To: adrian.ianc</div><div>Priority: high</div><div>Status: @50@</div><div>Product Build:</div><div>Projection: none</div><div>ETA: none</div></div><div><div>Platform:</div><div>OS:</div><div>OS Version:</div><div>Product Version:</div><div>Resolution: open</div><div>Fixed in Version:</div><div>Target Version:</div></div></div></div>					
<div><div><div>Summary: Product disappears after navigating to next page and returning to main products page</div><div>Description: On the main page pf products, when the user go to next page and comes back, a product is missing.</div><div><div>Steps To Reproduce:<div><div>1. Go to https://www.demoblaze.com/index.html [^]</div><div>2. Scroll down and click "Next" button</div><div>3. Click on "Previous" button</div></div></div></div></div></div>					

Actual result:

One of the products (e.g., "Samsung Galaxy 6") is no longer displayed when the user returns to the first and main page of products.

Expected result:

All products should remain available and displayed as the user navigates between pages.
